Summary

Passionate IT professional committed to continuous learning, leadership development, and driving innovation. Strong foundation in Java, SQL, Spring Boot, and Manual Testing. Aspiring to grow into high-level management roles within the IT industry.

Technical Skills

- Core Java (OOP, Exception Handling, Collections, Multi-threading, File I/O, Spring Boot)
- SQL (CRUD operations, Joins, Aggregate Functions, Subqueries, DBMS basics)
- Manual Testing (SDLC, STLC, Test Cases, Defect Life Cycle, Functional Testing, Bug Reporting)
- Linux System Administration (Red Hat Certified)

Projects

Word Counter Program

Built a Java program to count words and characters in a text file. Used `BufferedReader` and `String.split()`. Showcased file handling and string manipulation skills.

Amazon E-commerce Website Testing

Performed manual testing of registration/login, product search & filter, checkout & payment, and booking modification & cancellation.

Internship Project – Besant Technologies, Velachery

Worked on testing an e-commerce application covering end-to-end testing scenarios.
